

MiniJumbuk wins national award

NARACOORTE business MiniJumbuk has won a national prize at the Myer Supplier of the Year Awards.

MiniJumbuk – which uses an innovative method of processing wool to manufacture quilts, pillows, underlays and blankets – was named Best Hard Goods Supplier, up to \$15 million.

MiniJumbuk managing director Darren Turner described the awards as the “Logies of retail”.

“We were excited to win this, following 30 years of partnering with Australia’s largest department store,” he said. “This award is very special for our community in Naracoorte and the team of artisans at our mill who handcraft Australia’s favourite wool bedding.

“We strive to exceed customer expectations in quality service and delivery.”
