

Wayne Duffy (ILF2015) Dulwich Bakery have entered the wholesale arena, with Tony and Marks being a first major customer.

The Segway has been getting a new management team on board, finance manager, retail sales manager and new production manager, which was a significant take away from Wayne Duffy's course at Stanford, "get the FUG out of your head, and get resources in place to keep it out".

It's taken a while to develop the team, but it's all in place now.

Dulwich Bakery are also in the middle of making 60 tonnes of cake for Yummy Kitchen.
