

# New CEO for 1414

SA-based 1414 Degrees has restructured its leadership team, appointing Dr Jordan Parham as interim chief executive officer until October.

Dr Parham has been the chief operating officer at 1414 Degrees since January last year.

He would work with the executive team and board to execute the company's vision and build investor confidence by delivering commercially valuable outcomes, the company said. In particular, he would support Marie Pavlik, chief executive of subsidiary company, SiliconAurora. Dr Parham and Ms Pavlik would continue to report to executive chairman Dr Kevin Moriarty.
