

REDARC wins 4th consecutive excellence in Manufacturing Award

REDARC Group Managing Director inducted into the Australian Automotive Aftermarket Association Hall of Fame on 19 April 2022.

[REDARC Electronics Pty Ltd](#) (“REDARC”) was honoured to receive the Excellence in Manufacturing award at the biannual **Australian Automotive Aftermarket Awards**. These awards recognise outstanding achievements and businesses in the Australian Automotive Aftermarket Industry.

Four in a row is an incredible achievement for REDARC, having won the Excellence in Manufacturing award at the past three Australian Automotive Aftermarket Awards in 2015, 2017 and [2019](#).

REDARC is also excited to congratulate Managing Director, Anthony Kittel, on being inducted into the **AAAA Hall of Fame**. This award honours the creativity, industriousness and accomplishments of outstanding individuals who have contributed to the ongoing success of the Australian Automotive Aftermarket Industry.

Speaking on these awards, **Anthony Kittel** said:

“Winning the Excellence in Manufacturing award for the fourth consecutive time is a representation of the hard work and dedication which is embraced by all departments at REDARC. It’s a reflection of our efforts to achieve excellence and something we take great pride in. We’re proud to be among the companies and individuals nominated for these awards as they represent an unrelenting focus and dedication to excellence, innovation and education. It’s wonderful to see the ongoing success of the aftermarket industry in Australia.”

The Excellence in Manufacturing award recognises an organisation that has invested in **research**, embraced **innovation** and predicted **future trends** to develop a competitive advantage through continuous and dedicated improvement in manufacturing.
